

Pradeep Jethi,

CEO, SSE Ltd

Pradeep has direct experience of setting up new exchange ventures and an understanding of their technical and regulatory requirements while working as New Product Development Manager for the London Stock Exchange. While at the LSE Pradeep developed and launched the Corporate Responsibility Exchange: a disclosure platform for extra-financial indicators and ESG measures. He was also on the steering panel for the research report on Developing a Social Equity Capital Market which sparked his interest in impact investing and social enterprise. Pradeep has experience of gaining regulatory approval from the FSA for new products and has worked with both the issuer community and institutional investors.

Prior to his work at the LSE, Pradeep was Founder and CEO of FTdynamo, a Financial Times online business and management information portal. Before this, Pradeep spent 10 years in media as Publisher at Pearson/FT where he published books in business, management and finance topics (including some of the UK's earliest books in CSR and stakeholder value).

Pradeep holds a BA (Hons) from the University of British Columbia and an MA from the University of Sussex.
