

Andrea Perin graduated with Honours in Business Administration at the University of Venice in 1982.

He worked in the corporate sector and held senior position in Fiat Auto (1983-1986) and in Danieli SpA (1986-1987).

He then joined Finanziaria Internazionale Group in 1987 as Responsible for Administration & Control and after some years he started the structured finance activity. In 1999 he took part in the establishment of Finanziaria Internazionale Securitisation Group of which he is presently Managing Director.

Up to now, the company has developed a unique experience in the organization and structuring as well as in the monitoring and management of securitisation transactions and today it is leader of Italian market.

Andrea is author of many articles on securitisation and speaker at many conferences on structured finance.
