

DOMENICO ARENA

Short Biography

Domenico joined Value Team Finance in January 2010 as Manager for VTPie Proposition after a variety of professional and management position within IBM, SmartStream Technologies and SIA SSB. His 17 years of experience is one of the assets that are now in Value Team Finance after the acquisition of the Network and Payments Product Line from Net Solving, where he was responsible for the marketing and sales results of SEPA solutions.

His experience on domestic and international payments, SWIFT, reconciliation process and integration platforms is focussed to the new SOA and Full Java product VTPie, the payment and networking platform of Value Team Finance.
