Enterprise Risk Management

Prometeia's approach to Enterprise Risk Management is based on the development of quantitative models and analysis methodologies.

The production of highly specialized software applications leverages leading technologies, the knowledge of our subject matter experts and our ability to successfully respond to the growing demands of regulation.

Our deep understanding of international markets, derived from proprietary economic research, adds a unique element to Prometeia's business model and value proposition.

- › *All the Italian Banks*
- › *20+ European Banking Groups*
- › *50+ delivery in 3 years*
- › *First vendor in EMEA area for the Risk& Performance space*

Wealth & Asset Management

Consulting, Fintech Solutions and Data Science to support innovation of Banks, Financial Advisors, Insurance Companies and Asset Managers.

Over the years Prometeia has consolidated its leadership in this market by combining vision and innovation aptitude, with strong implementation and change management capabilities, successfully managing projects that can create value for our customers in a challenging regulatory and competitive environment.

- › ***40+ groups: banks, financial advisors, asset managers, insurance companies***
- › ***Top 10 Italian Groups and 6 of the 10 most important Financial Advisors networks***
- › ***70+ intermediaries in wealth risk management***
- › ***Training paths to support change management for 20+ intermediaries, +15,000 resources trained***

Prometeia Advisor SIM

Anticipating Italy's reception of the MiFID directive, Prometeia SpA established Prometeia Advisor SIM in April 2006, to provide a better degree of transparency to investors and to offer qualified support and investment advisory through a company monitored by financial market Authorities.

Being independent from financial groups or institutions is a core feature for an objective and solid selection of funds and asset managers.

Market positioning, combined with the characteristics of our group, have spurred innovation in our offer.

- › ***Leading financial advisory firm for Italian institutional investors***
- › ***70+ institutional investors work with a 35+ high specialised team***
- › ***160+ clients: banking foundations, pension funds, social security schemes, family offices and HNWI***
