REFINED ARCHITECTURE

Set in unrivalled surroundings, in the very heart of the city, amidst the remains of the ancient Imperial Rome, with furniture and fittings that are the brainchild of the renowned Architect Gae Aulenti.

*Head table and podium*

A photograph of a control room. In the foreground, a desk is equipped with a laptop on the left and a large, flat-screen monitor in the center. The monitor displays a grid of data or a control interface. Behind the desk, several other monitors are visible, some showing live feeds of a stadium with red seats. The room is dimly lit, with the primary light source being the screens. The overall atmosphere is professional and high-tech.
