

Company Profile

PPI is a specialist in each of its business segments – consulting, software factory and eBanking products.

PPI – market leader for EBICS – offers consulting services for all areas of the payments industry: payments strategy, processes, compliance and IT.

PPI's eBanking products are used by most leading financial institutions and service providers.

- TRAVIC-Corporate as the EBICS bank server
- TRAVIC-Link for EBICS, SWIFT and file transfer
- TRAVIC-Port is a multi-bank portal with EBICS
- EBICS-Mobile App
- EBICS-Kernel for client software
- SEPA SCT/SDD and CAMT

For more than 30 years, PPI meets the highest customer demands for quality and professionalism with regard to price and time commitments.
